For illustrative purposes we have selected Building 460 to demonstrate storage cardepending upon the WIPP opening date. A similar result might be obtained using evaluated for interim storage. The increases in storage capacity shown are the ac Building 460 in fiscal year 2000. Storage capacity begins to decline in fiscal year buildings are closed. In fiscal year 2004 only Building 460 is available for TRU was If WIPP opens in year 2000, the addition of Building 460 will provide sufficient storage.

If WIPP opens in year 2002, the addition of Building 460 will be sufficient until 200 2006 there will be a significant capacity shortfall.

2010	2009	2008	2007	2006	2005	2004
0	4,300	4,300	4,300	4,300	4,300	4,300
0	0	294	406	1,354	2,409	3,000
0	303	700	1,760	3,354	4,409	5,000
0	709	2,054	3,760	5,354	6,409	7,000
0	2,063	4,054	5,760	7,354		

rage capacity versus TRU waste invent d using one of the other facilities being e the addition of the 750 pad tents this y al year 2000 as the 750 pad tents and c RU waste storage.

ent storage capacity to meet Site needs

ent storage capacity until 2004. In year

ntil 2002. However, in fiscal years 2002
